

# Quality Policy

vspt.wine.group

At VSPT Wine Group, we understand QUALITY as a fundamental pillar to achieving our economic, social and environmental strategic objectives, as well as those concerning health and occupational safety. For this reason, our products are the result of working excellence, carried out both efficiently and effectively, in a team, and subject to compliance with the legal requirements and standards applicable to us (ISO 9001, ISO 14001, OHSAS 18001, BRC and/or NCh2861). In addition, we are certified under codes which we have complied with voluntarily (National Sustainability Code).

Our Quality Policy is centered on 8 pillars:

- 1 Fulfilling the Levels of Excellence defined for all our processes and products.
- 2 Managing our Human and Economic Resources in an efficient and controlled way.
- 3 Ensuring a Sustainable Operation, and committing to protect the environment (preventing possible negative impacts), as well as our communities and people.
- 4 Complying with the Legal Requirements which apply to us regarding occupational health and safety, the environment, quality and secure, as well as other relevant requirements, whether they have been agreed with clients or whether they have been signed up for voluntarily.
- 5 Maintaining secure working spaces which are free from accidents for everybody that works at VSPT and those who visit us.
- 6 Permanently promoting Teamwork, and creating spaces which facilitate the interaction between areas and continuous improvement.
- 7 Extending our quality policy to our entire Supply Chain, and demanding compliance with our standards from our suppliers.
- 8 Placing our clients as priority, and constantly striving to exceed their expectations.

A handwritten signature in black ink, appearing to read 'Pedro Herane Aguado'.
